

Programs & Admission Procedure

M.Sc. Biochemistry

The PG program has four semesters with durations as follows:

Semester	Duration
I and III	July-December (Odd semesters)
II and IV	Jan-May (Even semesters)

The curriculum designing has wide applicability to various fields of Biology. The syllabus covers all the major areas of Biochemistry including basic, advanced as well as specialized courses. The candidates having B.Sc. degree of Biological Sciences with chemistry as one of the subjects are eligible for admission. The admission to M.Sc. Biochemistry program (one of the course in Group D) is through Common Entrance Test (CET) conducted by the University.

Ph.D. Biochemistry

The candidates having M.Sc. Biochemistry are eligible for admission to Ph.D. The admission is through Doctoral Entrance Test (DET) conducted by the University.

Ph.D. program includes Ph.D. Course Work (six months duration).
